# ELLTF Role

## The English Language Learners (ELL) Task Force was founded to:

- ❑ **Guide** the School Committee and the Superintendent regarding a vision and a plan of action to respond appropriately to the growth in the numbers of students whose first language is a language other than English.
- ❑ **Identify and advocate for** policies, practices, and mechanisms that address the needs of ELLs.
- ❑ **Monitor** the district's progress in meeting the educational needs of ELLs.

## It is a goal of the ELL Task Force to:

- ❑ **Promote** BPS as a multilingual, multicultural district.

# ELLTF Priorities for SY20-21

- What is the low-hanging fruit?
- What fits within the TF's role?
- What can we do within the school year that impacts ELL teaching and learning?

## Note:

- What goal?
- How will we know if we accomplish the goal?

**Think as a whole, beyond your particular passion area, focusing on impact.**
